1. Who we are

The Dowdens Group consists of four (4) business units

- Dowdens Pumping (Mackay)
- Dowdens Pumping and Water Treatment (Brisbane)
- McGinns (Mackay)
- Emerald Air Starters and Equipment (Emerald)

2. What we do

Dowdens Pumping can supply, install, service and maintain pumps, pumping systems and pumping equipment for most applications including mining, refining, agriculture, tourism, domestic, marine, and general industry. Our team includes specialists in all aspects of pumping and system design, we have an extensive workshop to provide service support, in house or infield repairs and installation capabilities. We can provide solutions to the most basic of problems right through to a specialised system designed to meet individual parameters.

Dowdens Pumping and Water Treatment are located in Brisbane and provides a wide range of pumping and water treatment equipment to our customer base in Queensland and northern NSW. Our team of pumping and water treatment specialists work closely with our staff in Mackay providing specialist technical advice and support. DPWT have a strong focus on commercial and industrial water treatment, specialising in potable, sewerage and high purity water treatment.

McGinns are a long established engineering supply company providing engineering products to a vast range of customers across all industry and retail sectors. McGinns can supply a comprehensive range of products ranging from fasteners, hand and power tools through to specialised engineering products such as lathes, taps, dies, measuring equipment etc. All products are conveniently located under one roof and are centrally located in Mackay. McGinns can supply all your engineering and hardware needs from consumables through to speciality products.

EASE specialise in the sale, service and repair of all pneumatically operated equipment to the mining, agricultural and general industry. We specialise in the sale and repair of air starter motors, underground mining tools and equipment, air operated diaphragm pumps, hand held air tools, compressors and pneumatic accessories. EASE can provide sales and speciality service of all air operated equipment from a basic hand held air tool through to roof bolters and rib drills.

3. Our Customers

The Dowdens Group have the capability to provide a wide range of products and services to the mining, agricultural, refining, contracting, tourism, and other industries as well as retail consumers. We are proud to be associated with some of the country's leading businesses as customers and suppliers. We however, also understand the important of maintaining good relationships with all customers and pride ourselves on our standard of product and service levels.

4. What you can expect from us

The Dowdens Group is Customer focused. Before we make significant changes to our services, we will consult with a representative set of our customers to determine what you want from our services and how best we can fulfil your needs.

Through internal and external consultation we found that the following are what you expect from our products and services:

Products

- value for money
- relevant and easy to use
- current
- solve your problem

Services

- helpful, personal service
- professional competence
- reliability
- expert advice

5. How you can help us

You can help us to help you by:

- giving us the most accurate information on your requirements
- advising us of any changes to your service requirements, including change of address
- giving us your feedback on our services and products

6. Our product standards

We are committed to:

- providing suitably designed systems and products to satisfy your requirements while ensuring the future stability of both the company and its employees.

7. Our Service standards

We are committed to:

- customer satisfaction as our number one priority.

8. Choosing your services

We are committed to:

- providing information about our products and services in plain language to enable you to make an informed decision that best suits your needs
- providing products and services that recognise the individual needs of customers

9. Checking our performance

We welcome your comments on how successful we are at achieving the standards set out in this charter.

We will:

- survey a representative set of our customers annually to evaluate their satisfaction with our products and services
- review the standards set out in this charter and adjust them based on your feedback

This Charter will be reviewed every three years. The Dowdens Group invites comments from customers, stakeholders and staff as part of its monitoring and review procedures.

10. How you can contact us
